I would like to express that as a resident of Gold River, that I identify more with Folsom and the other communities that are currently in District 4. I would much prefer to see a boundary map that puts Gold River in District 4. I also feel that by being included in District 3 that myself and my neighbors would have less of a voice into public matters. Gold River voted years ago not to be included in the City of Rancho Cordova. These boundaries put us back into that neighborhood, with regards to representation.
